Purpose:

An integral part of Terrebonne General Health System's (Terrebonne General) community benefit standard is providing financial assistance to residents of Louisiana. This policy provides financial assistance guidelines for the provision of free or discounted eligible Medically Necessary services to patients who meet certain eligibility criteria and demonstrate an inability to pay.

Policy:

Terrebonne General is committed to providing Financial Assistance for Emergency and Medically Necessary Care to persons who are uninsured, underinsured, ineligible for a government program, or otherwise unable to pay, and who are determined to be eligible for Financial Assistance in accordance with this policy. Terrebonne General shall provide, without discrimination, care of Emergency Medical Conditions to individuals regardless of their ability to pay. Patients who are determined eligible for Financial Assistance shall not be deferred for Medically Necessary care.

In addition, patients are expected to cooperate with Terrebonne General's procedures for obtaining Financial Assistance or other forms of payment, and to contribute to the costs of their care based on their individual ability to pay.

The granting of Financial Assistance shall be based on an individualized determination of financial need and will not take into account age, gender, race, social status, sexual orientation, or religious affiliation.
